THE INSTITUTE

Sant Longowal Institute of Engineering & Technology, Deemed to be University, a premier centrally funded technical institution, has completed 25 years since its inception and moving ahead untiringly towards its mission of providing world class technical education to meet ever dynamic needs of industry, business, government and community. Unstoppable growth, new milestones, new ideas and above all quality technocrats ready to handle state of the art technology are the prominent objectives of the institute. Spread over a verdant campus of 451 acres with exquisite landscapes, natural beauty embedded with all the amenities, the institute offers unique modular, multi entry multi exit pattern of education in various branches to prepare the skilled and qualified manpower for self employment. This citadel of learning reflects its uniqueness by admitting students from varying backgrounds who aspire to be amongst the top skilled manpower ready to contribute towards the growth of the largest democracy of the world. The value system of this temple of education gets displayed through its commitment to diversity and ever increasing strength of its undergraduate, graduate, postgraduate and doctoral students in various streams of Engineering, Sciences, Humanities and Management.

LOCATION

The institute is located on the outskirts of village Longowal in everlasting memory of Sant Harchand Singh Jee Longowal. It is connected by road with Sangrur (18 Km), Barnala (30 Km), Patiala (80 Km), Ludhiana (110 Km) and Chandigarh (150 Km) and the nearest railway stations are Sangrur (18 Km), Sunam (18 km), Barnala (30 Km) and Dhuri (35Km). The nearest airport is Chandigarh.

PLACES OF ATTRACTION

Punjab is known for its cuisine, culture and history. Tourist can enjoy culture, ancient civilization, spirituality and history. Some of the main cities in Punjab are Chandigarh, Amritsar, Jalandhar, Ludhiana and Patiala. Punjab has a rich Spiritual and Religious history incorporating Sikhism, Islam and Hinduism. The

royal Punjabi places, historic battle sites, shrines, temples and examples of Sikh architecture are notable attractions. All the cities are well connected by rail or road. Punjab's public transportation network provides excellent tourist transportation.

THE DEPARTMENT

Department of Management and Humanities (M&H) nurtures and disseminates the managerial and entrepreneurial spirit amongst budding engineers and managers. The department lays special impetus on communication skills, training and innovative methods in teaching by using student centred pedagogies. The department over the years has played a pivotal role in inculcating values of ancient Indian Management assimilated with international management inputs. It offers intellectual and spiritual depth, individual attention and holistic and innovative education. The department makes the students industry ready in order to make them a useful resource for the industry.

ABOUT THE CONFERENCE

“Teachers are the backbone of any country, the pillar upon which all aspirations are converted into realities.”

A. P. J. Abdul Kalam

The role of teachers in making each one of us a better person cannot be denied. Their contribution in paving the right path needs to be applauded and one such teacher was Bharat Ratna recipient Dr. Sarvepalli Radhakrishnan. Teacher's Day is celebrated on 5th September in India in the memory of the greatest teacher who was also the Second President of India.

Department of Management & Humanities, SLIET, is celebrating Teacher's day by organising two days National Conference on “Education Transforms Lives”. In the present scenario, the foremost challenge for nation is to provide quality education to upcoming generation to enable them stand in the queue of the developed countries of the world. It is the responsibility of teachers to give the best education to the students so that they can compete in the world market.
