On
Pedagogy

(December 16-20, 2019)

Organized by

**Technical Education Quality
Improvement Programme (TEQIP-III),
SantLongowal Institute of Engineering
and Technology,
(Deemed to be University under MHRD, Govt. of India)
Longowal, Dist. Sangrur-148106 (Punjab)**

Introduction:

Pedagogy refers to the interactions between teachers, students, and the learning task and instructional approaches implemented in the classroom. Pedagogical approaches are often placed on a spectrum from teacher-centred to learner-centred teaching. For effective teaching and learning there is a need to increase active participation of students and cognitive development. Innovative pedagogy can make the text learning more effective and interesting.

Course Contents:

Important topics which will be covered in this programme are –

- ❖ Systemic approach to student centric instructional design
- ❖ Emphasis on bloom taxonomy of learning
- ❖ Use of digital pedagogy to motivate students
- ❖ Planning and organizing practical and project work
- ❖ Questions and Students feedback
- ❖ Student evaluation and setting up of question paper
- ❖ Outcomes-based education

Resource Persons:

Experts from SLIET Longowal, NITTTR Chandigarh will conduct the theory and practical sessions in the programme.

Course Objectives:

- ❖ To inculcate effective teaching skills among young faculty members
- ❖ To enable the participants to develop student centric teaching strategies
- ❖ To learn and adopt innovative pedagogy for netizens and how to engage them to become self-motivated learners
- ❖ To make the participants, understand and practice outcomes-based teaching
- ❖ To enable the participants to develop suitable tools of evaluation
- ❖ To draw a blueprint for how technology tools and open source of knowledge/information could be strategically used for better academic engagements
