CIRCULAR

Sub: UV-VIS Spectrophotometer Sample Analysis.

The **UV-Vis Spectrophotometer** is an analytical instrument used to measure the absorption and transmission of ultraviolet and visible light by a sample. This instrument is equipped with **Diffraction Reflectance**, enabling the analysis of the samples in both **Liquid** and **Solid form**, depending on the nature and form of the sample. It is useful for the qualitative and quantitative analysis of various materials and chemical compounds.

As approved by Competent Authority, the instrument will be operated in the testing phase up to **Sept 03, 2026** i.e., until the end of the current CPDA Financial Year. During the testing phase, the analysis of the samples will be carried out free of cost and only internal samples will be permitted.

From the **Sept 04 2026**, onwards the samples charges for **UV-VIS Spectrophotometer** sample analysis will be applicable as follows:

S. No.	SLIET [INTERNAL USER]	Other Academic Institution	R&D/ Industry
01.	UV-VIS ₹ 80 per sample	₹ 150 per sample	₹ 300 per sample
GST charges (as applicable) will be charged Extra to the above rates			

Prof. Harish Chopra
Chairman, Central Facility Lab

CC to

1. Director - For kind information pl.
2. All Deans/All HOD's: with a request to circulate among faculty members
3. Registrar
4. DR(A&A): with a request to make necessary arrangement for collecting charges for samples testing/ analysis
5. Assoc Dean (ERP) - For uploading on the institute website
6. Office copy
