Ref. No. SLIET/ Dean (A) / 2020 / 504

Dated : 14 August, 2020

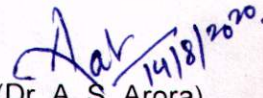

From : Dean (Academics)

To : All HODs of teaching departments

Subject : Regarding dissemination of official email ids to the students – reg –

The academic section has provided the official email ids and password to all the students on their alternative email ids as available on the ERP system. However, it has come to notice that the email ids of some of the students were not available on the ERP system and a few of them were not proper. Consequently, the students did not get their official email ids and password. In this regard, it is intimated that such students may be informed through course counselors that their email id is "registration number@sliet.ac.in" and password is (User123#). Still if any student faces any problem, the registration number / official ids may be compiled by the course counselors and sent to ACSS for re-setting the password.

The matter is of urgent nature and immediate necessary action is required, please.
