## ***OFFICE OF DEAN (ACADEMICS)***

Ref. No. SLIET/ Dean (A) / 2021/1271

Dated : 01 January, 2021

### **CIRCULAR**

I, Prof Ajat Shatru Arora, Dean (Academics) of the Institute, would like to appreciate the sincere efforts put in by all the SLIETian, inspite of various challenging issues/hurdles due to the Covid-19 situation, in particular.

The Team SLIET, as we all call it, has shown character in difficult times and taken the challenge to run the activities in the entire 2020. Specially, the academic activities were severally affected by the pandemic. However, the Team SIET, has successfully faced the challenge and all these activities like online teaching, online exams, declaration of results, issuance of various certificates, conduct of Senate meetings, time to time revision of academic calendar, No Dues of the students, conduct of entrance exam, online counselling and admissions, placements etc. etc. have been handled successfully by the Team SLIET. The joining of new faculty members and their induction program was another highlight during 2020.

***On this day, I wish to pay my sincere gratitude to all my colleagues and the students for their heartfelt co-operation in all these activities.***

Let us hope and pray to the Almighty that the New Year-2021 brings good health and prosperity amongst all the SLIET family members (staff, students and other residents of the campus) in general and the countrymen, in particular. Let us all pledge that SLIET, Longowal, achieves greater heights in the times to come.

  
(Prof Ajat Shatru Arora)  
Dean (Academics)
