* Normalized marks for Civil Engineering (CE), Computer Science and Information Technology (CS) and Mechanical Engineering (ME) Papers.

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Instructions to the Candidate

1. A printed copy of this Admit Card must be presented for verification along with the original (not photocopy or scanned copy) valid photo identification proof which is mentioned above. In case of poor quality of photo on ID proof, candidate MUST bring an additional recent valid photo ID also (For example: Passport, PAN Card, Voter ID, Aadhaar Card, Driving License).
2. Admit Card is considered to be valid only if both the photograph and signature are clear. To ensure this, print this admit card on A4 sized paper using laser printer, preferably in colour.
3. To facilitate the verification of their identity by the centre officials, candidates must report to the examination venue at least 90 minutes before the scheduled commencement of the examination.
4. Candidates will have to go through Photo-Registration and then be permitted to occupy their seats 60 minutes before the scheduled start of the examination. Candidates can login and start reading the instructions 20 minutes before start of the examination.
5. CANDIDATES WILL NOT BE ALLOWED TO ENTER EXAMINATION CENTRE 30 MINUTES AFTER START OF THE EXAM.
6. Candidates will NOT be permitted to leave the examination hall before the end of exam.
7. During the examination, a virtual scientific calculator will be available on the computer screen, which may be used for the numerical calculations.
8. Candidates should NOT bring any charts/tables/papers/books/sheets into the examination hall. Scribble pad will be provided for the rough work. Before using it, candidates must write their individual name and registration number. The candidate can possess ONLY one scribble pad at any point of time. Before taking the second scribble pad, if required, the first scribble pad MUST be returned to the invigilator. At the end of the examination, the remaining scribble pad must also be returned to the invigilator.
9. Personal calculators, any kind of watches, wallets, mobile phones or any other electronic/communication devices are STRICTLY PROHIBITED inside the examination hall. GATE authorities are not responsible for the safekeeping of candidate's personal belongings. During the examination, candidates may be checked for possession of any of the prohibited items. If the candidate is found to possess any of the prohibited items, candidate will be debarred from the examination and/or subjected to disciplinary action, which may include ban from appearing in future examinations.
10. Candidates must bring their own pen, pencil, transparent water bottle and pocket size hand sanitizer. Without proper face MASK in place, the entry of the candidate in the examination center shall be PROHIBITED. MASK must be in proper position throughout candidate's presence in the examination hall.
11. Before entry to the examination centre, the centre officials may assess the health condition of the candidate. All candidates MUST adhere to the COVID related protocols in compliance with the orders and directives of Government of India and local authorities.
12. As per Govt. order, any candidate who is Covid-19 positive or has any other infectious/contagious diseases, MUST NOT come out of home/hospital; and hence the entry for such candidate will be DENIED. Asymptomatic candidates, if any, who have temperature higher than 99.4°F or Cough/ Runny Nose will be taken to ISOLATION area for the examination.
13. On the exam day, candidate must NOT have COVID symptoms, NOT in quarantine and was NOT in close contact with any COVID patient during the last fortnight.
14. Violation of any of the above guidelines including impersonation or breaking of code of conduct for GATE 2022 exam will lead to cancellation of candidature and/or legal action.

General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

In the GATE 2022 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

* Normalized marks for Civil Engineering and Mechanical Engineering Papers

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

Prof. B. R. Chahar

Organizing Chairman, GATE 2020
(on behalf of NCB - GATE, for MHRD)

22ce2813fec7b32596af3e79ce2ee307

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard.

Deepankar Choudhury
19th March 2021

Prof. Deepankar Choudhury
Organising Chairperson, GATE 2021
(on behalf of NCB - GATE, for MoE)

6e995baadd85dd3e2d53cb1d0fcd5b51

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

* Normalized marks for Civil Engineering and Mechanical Engineering Papers

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

Prof. B. R. Chahar

Organizing Chairman, GATE 2020
(on behalf of NCB - GATE, for MHRD)

078248fe7829d403a8f755d15aa1b951

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \bar{M}_{ij} was computed using the formula

$$\bar{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

Organising Institute: Indian Institute of Technology Kharagpur

General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_3 + (S_1 - S_3) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

S₃ = 350, is the score assigned to M_q

S₁ = 900, is the score assigned to M_t

In the GATE 2022 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

Instructions to the Candidate

1. A printed copy of this Admit Card must be presented for verification along with the original (not photocopy or scanned copy) valid photo identification proof which is mentioned above. In case of poor quality of photo on ID proof, candidate MUST bring an additional recent valid photo ID also (For example: Passport, PAN Card, Voter ID, Aadhaar Card, Driving License).
2. Admit Card is considered to be valid only if both the photograph and signature are clear. To ensure this, print this admit card on A4 sized paper using laser printer, preferably in colour.
3. To facilitate the verification of their identity by the centre officials, candidates must report to the examination venue at least 90 minutes before the scheduled commencement of the examination.
4. Candidates will have to go through Photo-Registration and then be permitted to occupy their seats 60 minutes before the scheduled start of the examination. Candidates can login and start reading the instructions 20 minutes before start of the examination.
5. CANDIDATES WILL NOT BE ALLOWED TO ENTER EXAMINATION CENTRE 30 MINUTES AFTER START OF THE EXAM.
6. Candidates will NOT be permitted to leave the examination hall before the end of exam.
7. During the examination, a virtual scientific calculator will be available on the computer screen, which may be used for the numerical calculations.
8. Candidates should NOT bring any charts/tables/papers/books/sheets into the examination hall. Scribble pad will be provided for the rough work. Before using it, candidates must write their individual name and registration number. The candidate can possess ONLY one scribble pad at any point of time. Before taking the second scribble pad, if required, the first scribble pad MUST be returned to the invigilator. At the end of the examination, the remaining scribble pad must also be returned to the invigilator.
9. Personal calculators, any kind of watches, wallets, mobile phones or any other electronic/communication devices are STRICTLY PROHIBITED inside the examination hall. GATE authorities are not responsible for the safekeeping of candidate's personal belongings. During the examination, candidates may be checked for possession of any of the prohibited items. If the candidate is found to possess any of the prohibited items, candidate will be debarred from the examination and/or subjected to disciplinary action, which may include ban from appearing in future examinations.
10. Candidates must bring their own pen, pencil, transparent water bottle and pocket size hand sanitizer. Without proper face MASK in place, the entry of the candidate in the examination center shall be PROHIBITED. MASK must be in proper position throughout candidate's presence in the examination hall.
11. Before entry to the examination centre, the centre officials may assess the health condition of the candidate. All candidates MUST adhere to the COVID related protocols in compliance with the orders and directives of Government of India and local authorities.
12. As per Govt. order, any candidate who is Covid-19 positive or has any other infectious/contagious diseases, MUST NOT come out of home/hospital; and hence the entry for such candidate will be DENIED. Asymptomatic candidates, if any, who have temperature higher than 99.4°F or Cough/ Runny Nose will be taken to ISOLATION area for the examination.
13. On the exam day, candidate must NOT have COVID symptoms, NOT in quarantine and was NOT in close contact with any COVID patient during the last fortnight.
14. Violation of any of the above guidelines including impersonation or breaking of code of conduct for GATE 2022 exam will lead to cancellation of candidature and/or legal action.

March 18, 2020

* Normalized marks for Civil Engineering and Mechanical Engineering Papers

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

Prof. B. R. Chahar

Organizing Chairman, GATE 2020
(on behalf of NCB - GATE, for MHRD)

a48a03dfdda336b5e23ddfdcaeed6b6

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \bar{M}_{ij} was computed using the formula

$$\bar{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

In the GATE 2022 score formula, M_t is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

सैफुल्लाह की सफलता से हर्ष

जाले। जाले दक्षिणी
निवासी मो. शकील
और कौशरजहां के
पुत्र सैफुल्लाह ने
बिहार लोक सेवा
आयोग की फाइनल
परीक्षा में 811वां

सैफुल्लाह।

रैंक प्राप्त किया है। उसे शेड्यूल कास्ट
वेलफेयर ऑफिसर का पद मिला है।

सैफुल्ला की सफलता से पूरे जाले
में हर्ष का माहौल दिखा। वह जाले के
पूर्व विधायक अब्दुस्सलाम का नाती
और सीपीआई के कद्दावर नेता अहमद
अली तमन्ने का भांजा है। उसने पटना
में रहकर तैयारी की थी और यह
सफलता हासिल की। सैफुल्ला ने
खड़का हाईस्कूल से मैट्रिक, दरभंगा के
मिल्लत कॉलेज से इंटर और पंजाब के
लोंगोवाल के एक गवर्नमेंट इंजीनियरिंग
कॉलेज से इंजीनियरिंग की पढ़ाई की
थी। सैफुल्लाह छह भाई-बहनों में बड़ा
है। उसकी सफलता पर बिहार सरकार
के श्रम संसाधन एवं आईटी विभाग के
मंत्री जीवेश कुमार ने उसे बधाई दी है।

5.2.1 Average percentage of students qualifying in state/ national/ international level examinations during the last five years (eg: NET/ SLET/ GATE/ GMAT/ CAT/ GRE/ TOEFL/ Civil Services/ Sate Government Examinations)

5.2.1.1: Number of students qualifying in state/ national/ international level examinations (eg:NET/SLET/GATE/GMAT/CAT/GRE/ JAM/IELTS/TOEFL/CLAT/Civil services/State government examinations) year-wise during the last five years

Year	2017-18	2018-19	2019-20	2020-21	2021-22
Number	09	03	02	04	4

5.2.1.2: Number of students appearing in state/ national/ international level examinations (eg:NET/SLET/GATE/GMAT/CAT/GRE/ JAM/IELTS/TOEFL/CLAT/Civil services/State government examinations) year-wise during the last five years

Year	2017-18	2018-19	2019-20	2020-21	2021-22
Number	18	10	40	10	10

Percentage

Year	2017-18	2018-19	2019-20	2020-21	2021-22
Percentage (%)	50	30	5	40	40
Average Percentage of last 5 years (%)	33				

5.2.2 Average percentage of placement of outgoing students during the last five years.

Year	2017-18	2018-19	2019-20	2020-21	2021-22
Number of placed students	23	26	34	38	39
No of outgoing students	69	73	67	60	63
Percentage (%)	33.3	35.6	50.7	63.3	61.9
Average Percentage of last 5 years (%)	49%				

5.2.3 Percentage of recently graduated students who have progressed to higher education (previous graduating batch)

Passed out year	2021-22
Students progressed to higher studies	01
Total no. of students	61
Percentage (%)	1.63
