### **PARIKSHA PE CHARCHA on 01.04.2022**

Pariksha Pe Charcha is part of the larger movement - 'Exam Warriors' - led by our Honourable Prime Minister Shri Narendra Modi, to create a stress-free atmosphere for youngsters. It is a movement that is driven by Prime Minister Narendra Modi's efforts to bring together students, parents, teachers and the society to foster an environment where the unique individuality of each child is celebrated, encouraged and allowed to express itself fully. Pariksha Pe Charcha (PPC) is an annual event taking place from 2018 and in this event Hon'ble Prime Minister Shri Narendra Modi interact with students, their parents and teachers. On the occasion of Pariksha Pe Charcha 2022 on 1st April at 11:00am, Hon'ble Prime Minister Narendra Modi interacted with students, their parents and teachers and this event was telecast online through all TV/internet sources all over the country. The Prime Minister urged everyone to put exams in the right perspective, rather than making it a life-and-death situation punctuated by undue stress and pressure.

Students and teachers of Sant Longowal Institute of Engineering and Technology, Longowal(SLIET) Punjab, under the able-guidance of its dynamic Director, Dr. Shailendra Jain, also took keen interest and participated in this event. More than 400 teachers, staffs and students of SLIET watched this mega event at different venues (SMART CLASSROOMS), which was arranged at various departments of SLIET, as shown in the following shots.

## **INTRODUCTION:**

Smile is something that makes you to be unique. There are many languages on earth but Smile is something that speaks them all. This club is dedicated to all those who want to be keep smiling and want to share that smile with you.

Happy Club is the social and literary intra-university club of SLIET UNIVERSITY located in Longowal village District: Sangrur, Punjab. It is purely run by students of university under the supervision of higher authority.

The club works on the theme "SPREAD SMILE" and club is moving towards happiness. The club is strictly oriented with its theme and growing qualitatively. The committee consists of certain volunteers throughout the institute; these volunteers are elected by the higher authorities according to their interests and skills. All are willing to take initiative and shows the positive response towards the work assigned. Works are properly distributed according to capability of the students.

The club does social works in contiguous villages and NGOs around the university and organizes various competitive activities and events to refresh the minds of students such as FUN GAME, QUIZZES, MARATHON and BLOOD DONATION CAMPS etc. within the campus. The club collects the reusable materials from the students and donates to needy peoples. The funds collected in various events and activities are used to run the club and donate to needy persons.

In year 2016, an initiative was taken by happy club to educate the underprivileged kids of the labours and other construction workers. This move was named as *koshish-ek nayi udaan ki*. Under this kids were not only learning but also admitted in the local school. This move is regarded as a most appreciated work for a noble cause.

## **WHAT ARE WE?**

- ✓ We are a team which is dedicated to the upliftment of society.
- ✓ We try to bring smile on a face that is unknown to us.
- ✓ We make someone not only happy but give them a reason to smile.
- ✓ We are just humans, but Extra-ordinary ones.
- ✓ For us all are equal, everyone's smile has the same value for us.
- ✓ Our aim is to help those who are helpless.
- ✓ Our goal is to make the poor feel like rich, not only in money but in thoughts.
- ✓ Our motto is to move towards happiness, which we get by helping others.

Happy Club has always been trying to spread happiness among the people and for the same reason, the Happy Club organises various events. The events organised in the session 2017-18 were a great success. These events were as follow-

1. Slogan writing competition

The poster is for a 'Slogan Writing Competition' organized by the 'Happy Club' at 'SANT LONGOWAL INSTITUTE OF ENGINEERING & TECHNOLOGY'. It features the Indian national flag's Ashoka Chakra and a rainbow. The text encourages students to 'Unleash your creativity and write a beautiful slogan for the Independence Day'. It lists four 'Criteria for Selection': Creativity, Originality, Relevance of the Theme, and Impact on the Reader. Submission details include the dates '12-08-2018 to 15-08-2018' and the contact number '9161 770 219'. The poster also mentions the club's social media handle '@happyclubsllet' and the university's address in Longowal, Punjab.

2. ROADIES- now or never

A mega event in the history of SLIET under the banner of Kweizar-18 which was the remake of popular T.V. show, Roadies is not where you'll score brownie points if you just sing or dance. It's not same talent hunt contest where a shimmy-shake or a dance move. We are not looking for some gifted idols here. This is a battle that will test your brawn and wits until there are none left. This is where you have to leave your "I am so cool attitude" at home.

The journey is full of arduous and earlier unimaginable tasks and if you have already accepted defeat and thinking of calling it quits, why don't you send your enemies instead? We'll get the dirty job done for you!!! So if you think you have got the guts to survive in this game of ambition that require courage and a never-say-die spirit then what are you waiting for??? Come and be a part of Happy Club present **Roadies-now or never** and experience the 'real' thing!!!

Format:

1. Charge Sheet
2. Aamne-samne
3. THE BATTLE GROUND
4. Personal Interview round (PI Round)
5. MAHA-SANGRAM

**Key Points**

- Group of 3 or 4 contestants will be participated with their team name.
- The event is open for SLIETiens.
- All information of event will be on the Facebook page of Happy Club and Noti-fi app.

## **HAPPY CLUB PROJECTS**

### **1. WALL OF KINDNESS-**

Happy Club successfully launched one of its best projects “Wall of Kindness”. It is a charity work phenomenon and a kind of welfare in which people can take items which they need and put items which they want to donate. Item can be of any type such as books, clothes, stationary items, shoes, footwear, toys, etc.

“Wall of Kindness” was a dream project of Happy Club which was inaugurated by Dr. Shailendra Jain (Director, SLIET), Prof. Ajat Shatru Arora (Dean SFW), Dr. Arvind Jayant (Chairman, Happy Club), Dr. Manoj Kumar (Faculty Advisor, SADS), Mr. Kaleem Ahmad

Khan (Student Advisor, Happy Club) and Pulkit Singhal (Student Advisor, Happy Club). A large number of items were donated at the Wall was taken up by the needy people. The initiative proved to be a great success.

**Date:** 28<sup>th</sup> Feb'19

**Venue:** Faculty Club, SLIET

## 2. GREEN DIWALI-

“Diwali” is a festival of light. People celebrate it by lightening lamps and burning crackers. But as always, Happy Club has different meaning for Diwali. Instead of lightening the sky with fireworks, Happy Club tries to lighten the lives of needy people. “Green Denali ” is celebrated every year by Happy Club.

Some old clothes and other materials like blankets, stationary items, school bags, toys, etc. were collected from the hostels and faculty areas and distributed to those who needed them. Apart from these, sweets and some other gifts were also distributed to them. Those people mainly included the workers residing on our college gate, mess workers, hoticulture workers, maids, koshish kids, etc.

The smile that was on their faces after receiving the gifts was a million times costlier than the joy that we get after burning the crackers.

“Green Diwali” also requests people to not burn crackers and celebrate an eco-friendly Diwali.

**Date:** 30<sup>th</sup> Oct’18 & 1<sup>st</sup> Nov’18

**Venue:** Longowal bus stand & Nature Park ( Near Longowal Gate)

### 3. AAHAR:

Once again, Happy Club moved one step forward which was very close to the humanity which gave satisfaction as well as prestige and the step was AAHAR- Food for All.

The main motive of AAHAAR was whenever we go for a party, either students or faculty in restaurant or anywhere, we may order lot of food than we need. Then, just take a simple step to donate extra remaining food (the food that has not been served) to needy people, just by calling a member of Happy Club and handover the food bag to him/her. After that, this food bag will be provided to the needy ones.

The poster features a central image of a hand holding a silver plate with leftover food, including corn, vegetables, and meat. The text is in Hindi and English. At the top left is a circular logo for 'SANGHATANA INSTITUTE OF MANAGEMENT & TECHNOLOGY'. At the top right is the 'SLIET Happy Club' logo with the tagline 'Moving Towards Happiness...'. Below the image, there is a list of statistics about food waste and hunger in India.

**आहार**  
**Don't**  
**Waste Food**

**Before you dump the leftover, consider:**

- About 3000 children die every day in India out of hunger
- 1.3 billion tonnes of food get wasted annually
- India ranks 63 among 88 countries in Global Hunger Index
- 20 crore Indians sleep hungry every night

#### **4. DONATION OF CLOTHES**

Once again a small attempt by Happy Club to do social work. We donated some old useful clothes, some pair of shoes and some blankets to the needy people in Badrukhan (nearby village of Sangrur) with Dr. Indraj Singh (Chief Warden) and Mr. Nirmal Singh (BHS of BH-10).

## **1. Background and Context**

Nowadays, forming strategic alliances across sectors has become the new operating norm. But the blurring of sectoral boundaries among governments, businesses and NGOs makes it increasingly difficult to assess functions traditionally performed by a certain sector, since conventional boundaries have dissolved, and power and influence are distributed in networks. One sub-set of such collaborations – business-NGO interactions – has attracted much attention, as NGOs begin to move away from their informal, social roles and venture into economic and political territories.

Business-NGO collaborations may come in many forms: NGOs could partner with firms to function as “civil regulators”, primarily by addressing market and government failures through the development of soft laws, social standards, certification schemes, and operating norms; leverage social capital to transfer localized institutional knowledge to firms; mobilize collective action between governments and firms; and serve as information brokers to connect otherwise disparate groups.

The philanthropic endeavours of firms that give monetary donations to NGOs is one of the most traditional forms of NGO-business interactions in this respect. The difference in missions, strategies and social functions between businesses and NGOs is usually not actively resolved, as NGOs in such partnerships are considered an extra, add-on or peripheral dimension outside a company’s core strategy.

## **2. Objectives behind SOCIAL WORK EXPO**

To facilitate the development of a holistic and relevant Corporate Social Responsibilities (CSR) approach, and provide common strategic directions and plans for companies to achieve greater impact with their CSR initiatives.

- Policy Formulation
- Inclusive Growth
- Social Justice
- Resource Conflicts

## **3. The major topics of conversation could be summarized as follows**

Each NGO representative gave their presentations and company judged all of the NGOs on following parameters while short-listing one for CSR implementation.

### **i. Years in operation**

It is important for a corporate to work with an NGO that has demonstrated years of experience and reliability. During this time, it must have mobilised resources, infrastructure and people for a social cause.

### **ii. Geography**

Companies should preferably look for an NGO near the project area. This not only ensures easier logistics, but also an intimate understanding of the local needs, geography, language, culture etc. The NGO preferably must situate offices or centres with connectivity and other resources in these locations, to efficiently execute projects.

### **iii. Reputation**

Transparency, accountability and measurable change in a social welfare context are how an NGO's reputation can be measured. This gives a NGO credibility, making it trustworthy of using corporate assets and funding for CSR goals.

#### **iv. Certification (e.g. filing for donation tax return)**

Certification allows corporate to assess if an NGO complies with legal norms, as legal issues can compromise CSR implementation. Certification includes Income Tax exemption, FCRA, service tax, and proper internal documentation in case an audit is requested.

#### **v. Relevant experience**

An NGO must have shown work in projects relevant to the corporate' CSR goals. Coca-Cola India, for example, devotes a substantial amount of CSR efforts to water sustainability, conservation, and sanitation. These projects must be corroborated with completion certificates from clients.

#### **vi. Leadership**

The NGO's leadership must be well-known promoters, with no legal proceedings or controversies to their name.

#### **vii. Credentials**

An NGOs credentials can also be ascertained via certificates, awards, news coverage, and membership of NGO and corporate bodies like CII, Chamber of Commerce etc.

### **4. Expected Outcomes**

- Private sector actors may provide critical amounts of financial support.
- Private sector actors may award grants or donations without criteria for use or other restrictions.
- Private sector interactions increase availability and access to various contacts, political influences and technical expertise.
- Private sector actors may develop internal and external organizations for education, awareness and advocacy.
- Private sector actors may initiate and develop policy-making opportunities for the NGO.

### **5. NGOs that participated in the event**

#### **NGO Representative:**

Mr.Sony Goyal  
Mr.Vijay Kr. Saroha  
Mr. Jaswinder Pal Sharma  
Mr. Amrit Pal Singh  
Dr. Sukhdeep Kaur  
Dr. Sanjeev Kumar  
Mr. Inderjeet Nandan  
Mr. Rahul Dhiman  
Ms. Babita Pathania  
Ms. Amritpal Kaur  
Mr. Jaswinder Singh

#### **Name of NGO:**

Prayas educational and charitabal society  
Sustainability Vision Foundation Trust Sonipat  
Lok Sewa Sahara Club  
SMILE foundation  
Autism Educational Welfare Society  
Rab da Banda Foundation  
Rishi Foundation  
Careness and awareness welfare society  
Careness and awareness welfare society  
Careness and awareness welfare society  
Nadar Foundation

- All the NGO's delivered their social work presentation.
- All the representatives of NGO encouraged the youth to participate in social cause.
- Students were encouraged to work for the society as well.
- Some idea has been selected by the industries and appreciated/funded accordingly.
- Federal Mogul Corporation, Patiala offered project-based support to NGOs up to grant Rs.25 Lacs.

## 6. Conclusions

Vast amounts of funding become available to NGOs as a result of collaboration, partnership, or donation relationship with the corporate sector. This may be funding that would otherwise be entirely unavailable to the NGO. Partnership relationships depend on the characteristics of the individual actors and the specific initiatives being co-ordinated for collaboration. It is necessary, however, that the positive and negative outcomes are equitably and appropriately evaluated and analysed prior to partnership. Understanding the private sector and its motivations, calculating potential positive and negative effects, and determining whether benefit exceeds cost may provide NGOs with guidelines and strategies for developing a positive, beneficial, and rewarding relationship with the business sector.

**Event name: Case Study**

**Event date:** 12<sup>th</sup> April, 2019

**Venue:** M-102 Mechanical Block

**Faculty In-charge:** Er. Indraj Singh(ME)

**Event Handlers:** Aakriti Tanwar

## Mission

- To present the current scenario of Governmental education system.
- To generate a sense of responsibility among the people for the subject.

## Objectives

- To create awareness among the individuals about the given case.
- To put forward the suitable measures to be taken to overcome the problem.
- To bring about a healthy discussion upon the given issue.

## About the case

Case study was an event in the SocialFest'19 held on 12 April 2019 in the seminar hall in Mechanical block of SLIET. The event was organised with a motive to spread awareness about a social issue. The topic for the case study was "Lagging behind of Government Schools". The case highlighted the problems faced by government schools about the infrastructure and the decreasing numbers of enrolments in government schools as compared to private schools. There were five questions based upon the case like the reasons behind the prevailing conditions and the measures that can be taken to overcome the issue, to which the participants had to give relevant and suitable answers. The case was provided on the official website of Socialfest'19 i.e. [www.socialfest.in](http://www.socialfest.in). There were five questions based on the given case to which the participants had to provide valid and elaborative answers. Based upon the answers given by them, they would be judged by the jury and awarded a prize and a certificate accordingly.

## Expected Outcomes

- The participants were able to put forward the challenges faced by the government schools.
- They could figure out the reason behind the decreasing number of enrolments in government schools as compared to private schools.
- They could also propose the necessary measures to overcome the situation.

**Event date:** 12<sup>th</sup> -13<sup>th</sup> April, 2019

**Event Handler :** Jatin Gaba

**Venue:** LC-5 (CSE Department)

**Health Centre**

## 1. Background and Context:

Free medical camps are set up with a sacred aim to bring awareness amongst the deprived population of the country who have no access to basic healthcare services or knowledge about the diseases they are suffering from. So, medical camps provide free medical advice, medicine to the unfortunate people and refer for specialized treatment or surgery whenever it is required. These camps make sure people are getting the healthcare at the right time, and seeing the doctor early, enough before a small health problem turns serious.

## 2. Objective behind Medical Camps

Medical camps are conducted by health professionals to carry out a limited health intervention amongst the underprivileged community. The poor attend these camps to get free check-up and treatment. Getting the appropriate kind of health checkup is vital for every human being and while considering it, some important factors like age, lifestyle, family background, and risks are taken into account.

## 3. How the Medical Camp was held:

A free Medical camp was organized during the three day Socialfest'19 viz. from 11th April to 13th April, 2019. During the Medical camp free eye check-ups, Cancer awareness programs and Cancer screening checkup was conducted at Health Centre of Sant Longowal Institute of Engineering and Technology. Approximately, 500 poor people of nearby villages were benefited from this medical camp. The free medical camp was sponsored by the Civil Hospital (Government of Punjab), Sangrur and Homi Bhabha Cancer Hospital, Sangrur. The highly qualified doctors of the government hospital visited our Institute and conducted the medical camp in the Institute's Health Centre. Also, Dr. Nidhi had joined us in this noble cause and helped to conduct free eye checkup of the poor villagers. During the medical camp our whole socialFest team worked as volunteers and helped the doctors in controlling such a large mob so that medical checkup would be conducted smoothly.

At the end, the highly qualified doctors from government hospital also shared their views and importance of regular medical checkups. Health examinations and tests at the early stages of the illness can help to cure it faster and save a life before it can cause any damage. One can live longer and healthier only when the individual gets the right kind of health check-up, screening and treatments.

**Event date:** 12<sup>th</sup> - 13<sup>th</sup> April, 2019

**Venue:** Main Stage (Food Block)

## 1. Background and context:

**Darpan: Ek Drishya Samaj Ko** is a play group active in SLIET, Punjab which is slowly earning its name through its outstanding plays that tries to eliminate various social evils existing in our society by creating a very deep impact on our minds and soul as well. The play group runs in the SLIET campus comprising of very talented and dedicated SLIETians who wants to bring a change in the society through their motivational acts. Miss Paramjeet Kaur is the faculty advisor of this play group.

## 2. Objective of the event:

The socio-cultural animation within "Street Play" aims to plant values and norms. Using the mediums of drama, music and dance, children's observations within everyday life can be challenged and this of course includes the stereotypical gender images which influence their social development from a young age. The goal of this activity was not only to entertain, but to create awareness amongst these children. It strives to make them aware of the role of women in society and the fact that women of all ages and social background deserve esteem and respect. The message (through play) also targets other members of society and their views on women's place in general.

## 3. How the event happened:

The playgroup got an opportunity during the three day Socialfest'19 held in our college campus from 11th April to 13<sup>th</sup> April. The play group enacted a very mind blowing play that aimed to capture young minds and help them realize the ill effects of gender discrimination. The storyline of the play focuses on women's rights and touches sensitive issues such as alcoholism, domestic violence, suppression and others.

On the second day of fest another play was organized near the main stage by "**Darpan: Ek Drishya samaj ko**" play group in which they target to uproot the evils of corruption from our country. Corruption is the most dangerous social evil prevailing in each and every part of society in today's world. It has its roots all around and has spread like a contagious disease. In the play there was a scenario in which evils of corruption was seen in our educational system. There was a student who failed to get admission in his college of choice inspite of good marks. On the other hand, a student who was not even deserving for that seat got easy admission as he was able to provide huge donation money to the institute's administration. This shows us how our educational system is under corruption which will certainly provide a major setback to our country's development as the number of quality engineers, doctors, entrepreneurs, etc will deteriorate for sure. The play gives a message to the spectators that corruption has to be entirely removed from the society for the better living conditions of the people and for the development of the nation both socially and economically.

#### 4. Conclusion:

Thus, through all these appreciable stuffs the play came to an end. It was spectated by a large mob comprising of students, faculties, and local people. The play helped to spread awareness among the youth as well as other spectators how they could come forward against various ill effects of society and fight against that to eliminate it and thus make our society a better place to live in.

#### 5. Credits

The students who played a remarkable role in making the play a successful one are Chitra sharma, Bikram Singh, Anuj Kumar, Rishav Kumar, Md Zeeshan Ali, Mehak, Amit Kumar, Ayush Gupta, Gurtarakpreetpal, Suraj Kumar, Nirbhay Kumar, Avinash Kumar, Abhijeet Gautam, Kiranjeet Kaur, Md Khursheed Anwar, Devraj anand and Vikas Kumar.

## 1. Introduction

It turns out that books with tower in the title are way more common than you think. Here are 500+ good books with tower in the title, including both fiction and non-fiction. It's safe to say that most of these titles are books about towers, but the core commonality between these books is that they have the word tower in the title.

## 2. Objective behind the event

A Tower of books was put up in the college campus attracting the students and needy one giving an access to books they are in need of at a negligible price. Mainly it was organised for the students from villages who cannot afford books but they need it.

## 3. About the Event

This event was organised under **Socialfest'19 SLIET, on 12<sup>th</sup>& 13<sup>th</sup> April 2019** .The event was organised for the needy peoples who need books & also for the people who want to help someone in the form of books. We were successful in gathering people for the successful accomplishment of this event. Approximately 1000+ people got books from the event location free of cost. ## 1. Background and Context

Graduating students are thrown into a world of opportunities, choices and challenges. Some of our Universities are doing a good job of equipping their students with knowledge and skills in their field of study. Often it is not very clear as to what is expected of them from the professional and the academic world in nurturing their strengths to carve out a career for themselves and be a productive citizen of the World.

Due to lack of guidance among Indian college-going youth, they are prone to make uninformed career choices and keep jumping from one job to another due to unfulfilled work expectations. Also, there are a lot of students who aspire to go for higher education abroad or wants to gain some experience staying and working abroad for a while.

## 2. Objectives behind NRI Dialogues

1. To make the academic and industrial experience of successful NRI and students abroad accessible to current students through video conferencing platform.
2. To guide the choices of Indian youth related to higher studies and careers.
3. To make them aware of various opportunities available in India and abroad.
4. To expose the youth to current trends in various fields around the world.
5. To inspire them to contribute in making a better world by developing their skills and expertise in the area they relate to most.
6. To strengthen the ties, friendship and communications amongst former students, current students and faculty.

## 3. The major topics of conversation could be summarized as follows

1. Life experiences of the NRIs joined with us.
2. Role of government in providing better opportunities.
3. Studying/working in India v/s studying/working abroad.
4. How to make better career and life choices?
5. Whether to pursue higher studies or not?
6. Study options in India and abroad.
7. Opportunities coming up within India in the last few years.
8. Demand of skilled professionals in India in various fields.

## 4. How the event happened:

Often, a discussion with the right person can change the course of one's career. Vision India Foundation acted as a link between the knowledge seekers (students), and the potential speakers (Successful people of Indian diaspora abroad). Therefore, Vision India Foundation in association with SocialFest'19 organized an NRI-Youth Connect and brought together some people of Indian diaspora abroad to interact with the youth in India over a Zoom meeting video conferencing platform dated 13<sup>th</sup> April, 2019. The impact of event was very

successful as it helped to guide the youth in making career choices as well as sharing their own experiences living and working abroad.

### **The entire session was divided into two sessions of 45 mins each:**

1. First session was with a successful professional named **Mr. Sanjeev Gupta** of Indian origin. He has **20+ years of experience in the field of IT consulting & product development**. Currently he is working for a product company as a **Technical Director**.
2. Second session was with two NRI pursuing their studies abroad named: **Mr. Nandish Chattopadhyay** (he is an electronics engineer turned **data scientist**.) & **Mr. Anurag Gumber** (he is a recent graduate of **Master in Public Administration** from the **Harvard University, John F. Kennedy School of Government**.). They shared their experiences as well as guided the Indian youth in realising our dreams.

### **5. Expected Outcomes:**

1. Increase in awareness of Youth about the studying/career options they have in India and abroad.
2. Cultivating a tradition of such events to benefit students in future classed and other colleges where students do not have much guidance available.
3. Students who get benefited from their Alumni tend to give back more their Alma mater. This creates a strong and vibrant alumni network spread across the generations.
4. Also, professionals working abroad, can connect to the best talent-pool that is available through this Youth Connect dialogue.

**Venue:** M-102 (Mech. Department)

## 1. Background and Context

Social media has become an integral part of all of our lives. We use it to connect with friends and family, to catch up on current events, and, perhaps most importantly, to entertain ourselves. This is why just under 70 percent of Americans, and more than 2.6 billion people globally, use social media. However, this wasn't always the case. Back in just 2005, social media penetration in the U.S. was just 5 percent, and most of the rest of the world didn't even know what it was. All of this means that the history of social media is a brief yet tumultuous one, and studying it can help us better understand just how much, and how quickly, the world around us is changing.

## 2. Objectives behind Social Media Workshop

- This workshop was organized to aware students about effective use of social media.
- To make them aware of various opportunities available in social media world.
- To expose the youth to current trends in social media.
- This workshop was conducted in which our students were taught about the productivity that our social media can enrol in for the personality development of the students.
- To strengthen the ties, friendship and communications amongst former students, current students and faculty.

## 3. The major topics of conversation could be summarized as follows

1. What is Social Media?
2. Role of social media in student life.
3. Effective use of social media.
4. How to make better career and life choices in Social media marketing?
5. Advantages and disadvantages of SM.
6. Opportunities coming up through social media.
7. Do's and Don'ts.

## 4. How the event happened

A workshop on effective use of social media was organised under the SocialFest'19 in the seminar hall on 12<sup>th</sup> April, 2019 with an objective to make the youth aware of the benefits, social media can promote in their lives and how it can help to propagate their idea of changing the world.

**Mr. Ravinder Sharma** delivered a lecture about the use of social media and what exactly does it mean. He is a Lab Technician of Chemical Dept. SLIET. He is basically from Bathinda, Punjab. He is also a Motivational Speaker and Writer. He is Pursuing MA Psychology from IGNOU.

The students attended the workshop and gained knowledge about the concerned topic.

## 5. Expected Outcomes

- Increase in awareness of Students about the Social media.

## 1. Introduction

An **online lecture** is an educational lecture designed to be posted online. Lectures are recorded to video, audio or both, then uploaded and made viewable on a designated site. Students may go to a certain designated site to view the lecture online at a time which is convenient for them. There are certain advantages to online lecturing. Students may access online lectures posted on their designated websites anywhere in the world, at any time they wish, as long as they have an internet connection.

## 2. Objective

Online lectures had been shown to the invited students in what & how they can do for the needy ones and develop a feeling in them for an urge to help.

## 3. About the Event

**Online lecture was organized under SocialFest'19** for the students SLIET in LC-05, Computer Science Block on **12th April'19**. The Speaker for the lecture was Miss Marta who is a social worker and Mr. Shivam Agarwal, Scientific officer, BARC, Mumbai. Er. Jaspal Singh was the faculty advisor of this event.

In the lecture **Miss Marta** shared her experience about Social work which she has done in her entire life. Shivam Agarwal discussed about the selection of future goals and how to remain motivated. They also introduced the participants to many exclusive examples and challenges in the world at large scale with reference to different mythologies. They shared their own experiences about social work and how can we contribute to it.

The workshop on Rural Development under the theme Unnat Bharat Abhiyaan was organized on 13 April 2019 from 2:30 pm onwards. This workshop was a part of 3 day Social Festival being organized in the institute from 11th to 13th April. The objective of the workshop was to create an awareness and set up and prepare a road map for the seven adopted villages under Unnat Bharat Scheme, a flagship programme of Ministry of Human Resource Development Government of India.

Invitations to village heads (Sarpanches and Panches) were extended and all the sarpanches along with other respectable members of the villages were present on the occasion. Expert lectures by Shri Mohit Arora Manager Oriental Bank of Commerce, Shri Karamjit Singh a renowned expert in organic farming and principal scientist from Indian Council of Agriculture research Dr M Hassan were also present and delivered an experts lectures for farmers welfare schemes of Govt. of India.

The workshop started with a tribute to martyrs of the Jallian Wala Bagh. All the audience stood up for one minute to pay their homage to the martyrs of Jallian Wala Bagh.

At the outset Professor Pardeep Kumar Jain project coordinator of Unnat Bharat Abhiyan welcomed the Guests and highlighted the objectives of this schemes. He discussed about how institute can help the villages and he quoted the example of Gandhiji, who in the last years of his life dedicated himself for the Development of villages. He quoted a saying from Gandhi ji that if we want to see true India then move to villages and Gandhi Ji also started All India Village Industries association at Wardah.

After that all the sarpanches and other prominent persons of the villages came one by one on the stage and narrated problems which their villages are facing. The common problems which all the sarpanches talked about were as follows:

Firstly, the Sarpanch of village Sheron narrated the problems, which his village is facing, and he shared his views about Water Deficiency, Road Breakage. He also wanted that one playground should be in their village

for Children. He told that they are also facing the obstacle regarding medical facilities, as there are extremely inadequate medical facilities.

Similarly, All the Sarpanches and other dignitaries of other villages shared their problems and they expressed their hope that SLIET can be of great help to them.

In the end Director shared his views and he stress on the preparation of road map for all the villages and he advised the organizers of the project to constitute team of volunteers for every villages and gave a call to the students to join this Mission of UBA which is a part of social responsibility for the institutes of Higher learning and Students. He also advised the students to visit the Adopted villages for better understanding of Village Lives.

In the End all, the Sarpanches and other Dignitaries were felicitated by Hon'ble Director & Chairman Social Fest-2019 Dr. Arvind Jayant by giving them token of honor. The workshop ended with the National Anthem.

## **WELCOME ADDRESS BY PROF. VINOD MISHRA-COORDINATOR (April 22, 2022)**

Honourable Director SLIET, Dean (SW) & Chairman of the program-Prof. Rajesh Kumar, Guest of Honour- Prof. Anil Kumar Vashisth from Kurukshetra University, Deans, HODs, faculty and staff members and dear participating students. Welcome you all on the gracious occasion of Earth Day.

On behalf of organizing team, I welcome you all on the occasion of Earth Day, which is being celebrated since 1970 across various parts of the world as movement with sole purpose to save the earth and its environment. In Sanskrit, nature is called *prakriti* and is supposed to be composed of five components, namely: *aakash*, *vaayau*, *agni*, *jal*, *prithvi*. These five elements are essential for survival of human and other living beings. Earth provides us essential food grains, vegetables, fruits, minerals, shelter, comfort etc. Preserving its sanctity is our almost duty.

Ozone layer depletion, Carbon net neutrality, global warming, melting of glacier, sea rising, danger of sinking of parts of islands like Mauritius and Maldives and 12 cities Indian (Kandla, Okha, Bhavnagar, Mumbai, Mangalore, Cochin, Chennai, Vishakhapatnam, Paradeep etc), danger of flood, water scarcity, food crisis are some of the concerned issues.

Wise use of earth resources like water, minerals, maintenance of air quality, keeping water clean, water harvesting, and plantation, maintenance of space to river flow, proper use of waste, use of green energy are to be dealt in planned way.

### **Speakers of today's program are:**

- First speaker **Prof. Anil Kumar Vashisth**, Chairman of Department of Department of Mathematics Kurukshetra University (Ex Dean-Student Welfare), is with us as Guest of Honour, is a dedicated expert of seismology, poro-mechanics, piezo-electric materials. We both are alumni of Kurukshetra University. He received PhD from Kurukshetra University.

Thank you sir for accepting my request and being with us physically to make our event purposeful and successful. Just yesterday I was with him at Kurukshetra University on the matter of Post Graduate Board of Studies in Department of Mathematics and today you are with us physically is a great coincidence. Your lecture will inspire our students and in turn you will enjoy our campus life as maiden visit too.

- Second expert **Dr. Vinayak Sinha** from Indian Institute of Science Education & Research Mohali (Associate Professor & Founder Head of Department of Earth & Atmospheric Sciences) is well known expert in atmospheric science and physical chemistry. He holds PhD from Johannes Gutenberg University & MPIC Mainz Germany. We welcome you sir to be with us online.
- Third expert **Dr. Amandeep Agarwal**, a Physician from Sangrur is also a dedicated environmentalist. He received MBBS from Government Medical College Patiala. We welcome you. He is Ex Medical officer of SLIET Health Centre.

- Fourth expert **Prof. PK Singh** (formerly head and Dean- R&C) from Department of Mechanical Engineering SLIET is well known within our Slietian community. He received PhD from Indian Institute of Technology Roorkee. Thank you sir being with us.

Institute issued list of annual programs to be conducted in the year 2022 on 2<sup>nd</sup> April; known to me on 4<sup>th</sup> April for Earth Day as Coordinator. For me there were two options, one to keep the program short by just having an invited lecture in online mode in the Seminar Hall of Science Block with limited capacity. Second option was to keep it voluminous by involving outside experts and our students for better convergence of Earth Day message. Recently, our students are with us after long time of Covid-19 pandemic, we decided to take risk to second option of involving expert lectures and students' participation.

As sometimes things are pre-destinated and happen as natural coherence; I involved my PhD Scholar - **Narbda Rani** as Student Coordinator and she further involved two undergraduate students **Rudra** and **Aniket** from Mechanical Engineering Department as student co-coordinators. A meeting was convened on 7<sup>th</sup> April with other contributing students. Thereafter, Prof. Rajesh Kumar Dean (Student Welfare) was approached to act as Chairman of the program, which he is whole-heartedly, accepted my request.

Subsequently, proposal was moved on **11<sup>th</sup> April with honourable Director SLIET Prof. Shailendra Jain** for administrative and financial approval, which got sanctioned just on the next day. Thank you, honourable Director SLIET, for having faith in me and giving this opportunity. All the four experts supported our meaningful cause and what we see from planning to execution are just day night efforts by teams of committed students from almost all branches and programmes.

To make our program involved, innovative, informative and enjoyable, poster presentation by limited students were allowed and also some of the programs of their natural concerns were added to make flavour. Pre-registration of students from ICD to PhD were done to ensure participation from all streams. It all happened just in a one-week's dedicated effort. We certainly left with many shortcomings.

The programme is special to us on many counts, despite constraints:

1. Four invited lectures were held, two in physical mode and two in online mode with massive gathering of nearly 380 students and 20 faculty members. Three experts were external. Twenty posters were received. Among them top three were awarded with certificates of merit and mementos.
2. First time in SLIET history Kulgeet was sung by two girls students with one boy student on table and another boy student on harmonium. One video display (a strange story on degrading environment) by students Rudra & Group was presented. One magic show by a student took massive attraction of the program. Two semi- classical songs were sung with playing of musical instruments.

3. We had little choice of time as minor examinations are going on in this week. During Covid-19 Pandemic academic calendar has disturbed in almost all institutions so is in SLIET. Parallel classes are going on. Weekend (Friday) is another problem. Usually, local faculties and students leave the campus in the afternoon.
4. Many of our assistant professors are preparing for NPTEL like course to face exam tomorrow at various centres, but still they contributed, on my invitation, as evaluation experts of poster presentation and offered support for today's program also. We are thankful to all 11 faculty members and one librarian involved in evaluation process of poster presentation.
5. Arranging of multimedia projector from other department on request and its setting for proper functioning is a challenging task in transit mode of function. Hope we will take advantage of technology.
6. Many of our organizing team members fell ill due to extreme heat condition and shift in their location, but they did not let any corner unturned, motivated co-participating students to grave the benefit of talks of eminent speakers and participation.

Yesterday's poster presentation by students is an effort to have understanding of earth as a system science, its nature and balanced use of its resources. Hope today's lecture series will be beneficial to study earth as a system, its environment, and to make it pollution free. Additive events like video display, classical music, etc. will add flavour.

My dear students! This program solely belongs to you, organized by you; credit goes to you and your team for success of the programme; we are just facilitators.

Lastly, I wish to thank all those faculty and staff members, HODs, Section in-charges from various departments who have contributed to this event and supported in any ways.

Jai Hind    Jai Bharat  
Thank you all for patience hearing

**Name of girls (vocal):** Surya Dhar and Utsav Raj

**Instruments:** Tabla: Aniket ; Harmonium : Abhinav Sharma

**MAGIC SHOW: BY ADITYA MALL USING PLAY CARDS**

## AWARD DISTRIBUTION FOR BEST POSTER PRESENTATION

## **SPECIAL REMARKS AND ADDITIONS**

**Logistic support:** ACSS section for wi-fi connectivity; Central Library for issuing display panels; Estate (Civil) for shifting of panels to venue and back; Estate (Electrical) for ensuring continuous power supply; Multimedia projector by Mathematics Department, Guest House for lodging & boarding; Horticulture department for providing flowers for bookie preparation; Mechanical Engineering Department for miscellaneous support.

**Central Theme Poster Making:** Three undergraduate students (S Pandit and team) were involved in designating and drawing of big poster containing tree with heart embedded in it using water painting. It was made of thermocol and drawing sheets. Four water colours were used. See the link of making it to award declaration: <https://youtu.be/TXZsOYyqbSw>

**Certificate Design & Issuing of Certificates:** Certificate to winning students, committee members and participating faculty members for specifically designed with additional logo containing background logo of central poster. Sliet monogram on the left side while specifically designed logo on right side. Certificate of Participation were issued to all students appearing for poster session (April 21, 2022) and seminar (April 22, 2022).

Certificate was designed by Mr indra Kumar (DIN-CSMM/1912504) using CANVA for design and ADOBE ILLUSTRATOR for logo.

Types of certificates issued:

1. Speakers (external & internal)
2. Coordinator/Chairman/Students Coordinator/Student Co-coordinator
3. Committee members
4. Participation to all the students (E-certificates)
5. Faculty for Poster Evaluation/Committee Member/Participation

**Refreshment:** Refreshments were served to delegates, committee members, participating faculty and staff members, and participating students.

**Bookie Preparation and Lightening of Lamp decoration:**

By MSc Chemistry, Physics and Mathematics: Hand made bookie using flowers available in the campus

**Photography & Recording:** Name of students: Shudhanshu and Guddu Kumar

## BIO-DATA OF SPEAKERS

**Name: Dr. Anil Kumar Vashisth**

**Name: Dr. Vinayak Sinha**

**Title of talk:** What is Atmospheric Chemistry and How Does It matter for Our Daily Well Being and as a Technology and Sustainability Tracker on Earth?

Dr. Vinayak Sinha is an Associate Professor at the Indian Institute of Science Education and Research Mohali (IISER Mohali). He was Convener and Founder Head of the Department of Earth and Environmental Sciences at IISER Mohali.

Prior to joining IISER Mohali in August 2010, Dr. Sinha worked at the Max Planck Institute for Chemistry in Mainz, Germany for six years from 2004-2010 as a doctoral and postdoctoral research scientist. His doctoral thesis was awarded the highest grade possible for a PhD thesis in Germany (summa cum laude) in 2007. His current research is focused on fundamental ozone formation chemistry, sources and sinks of reactive volatile organic compounds and green-house gases and source apportionment of air pollutants with the objective of improving current understanding of emissions and air quality over the Indian region. He has also worked on methane emissions with Nobel laureate Prof. Paul J. Crutzen. As of 22.06.2020 he has published 118 scientific articles (including 47 peer reviewed international journal publications) with h-index = 25 on SCOPUS (27 on Google Scholar) and more than 2000 citations.

#### **Academic journey:**

Vinayak did his Bachelors in Science (BSc with Honours in Chemistry) and Master in Science (MSc: specialization in organic chemistry of natural products) in 2002 from Sri Sathya Sai Institute of Higher Learning, Prasanthinilayam and subsequently completed a Master of Technology (M. Tech) in Analytical Chemistry from the Indian Institute of Technology, Delhi in 2004. He was awarded the Dr. Adivi Reddy Gold Medal by the Chancellor Bhagavan Sri Sathya Sai Baba for being the university topper in the BSc (Chem Hons) degree in 2000. In 2003 during his M.Tech course at IIT Delhi, he was awarded the prestigious PETROTECH-CII fellowship by the then Prime Minister of India Shri Atal Bihari Vajpayee. In 2016, Dr. Sinha received the NASI-SCOPUS Young Scientist Award for excellence in research in the subject area of Earth, Atmospheric and Oceanic Sciences by Elsevier and the National Academy of Sciences India. He received the Best Teacher Award for 2017 given annually by the Indian Institute of Science Education and Research Mohali.

#### **Leadership roles and contributions to Research Community:**

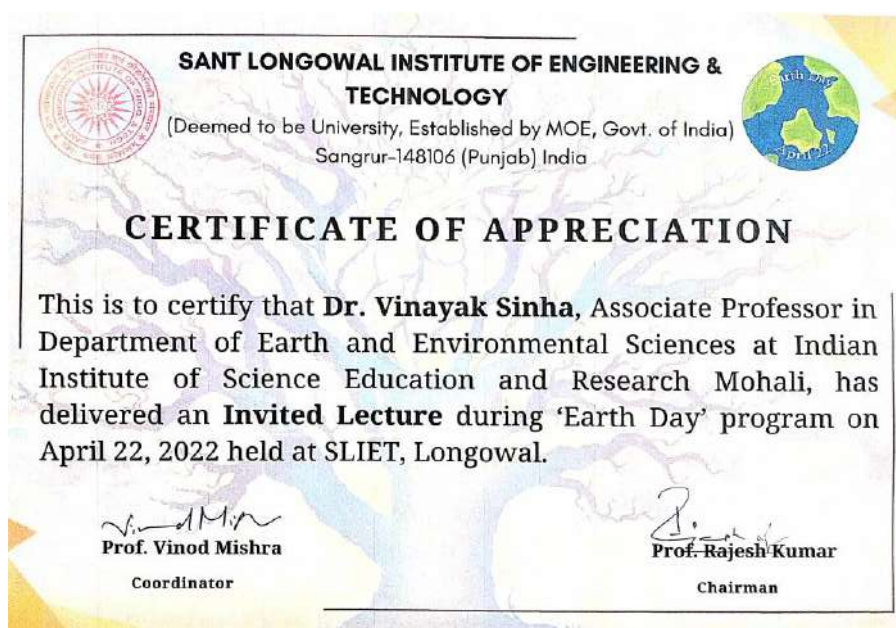

Vinayak has served as Scientific Steering Committee (SSC) Member since 2015 and Co-chair

(since Sep 2017 Oxford iLEAPS SSC meeting) of the Integrated Land Ecosystem-Atmosphere Processes Study Global Research Project under Future Earth, being the first Indian co-chair of the GRP. He is also a member of the Scientific Steering Committee since 2019 of the International Commission on

Global Atmospheric Chemistry and Air Pollution (iCACGP) which functions under IAMAS and the International Science Council (formerly ICSU).

In addition he serves as Editor (Subject: Atmospheric Chemistry and Physics) for Earth System Science Data, an international peer reviewed open access journal (I.F: 10.9 in 2020) published by EGU's Copernicus Publications, Gottingen, Europe and in recent past has served as a member of the Scientific Advisory Committee (SAC) of Aryabhata Research Institute of Observational Sciences (ARIES, Nainital), Member of PAMC in Atmospheric Chemistry (MOES, India), Co-chair of working group (WG1) of the Atmospheric Composition in the Asian Monsoon (ACAM) a SPARC/IGAC activity (see: <https://www2.acom.ucar.edu/acam>) and is a contributor to the Third Ozone Assessment Report (TOAR) under aegis of the World Meteorological Organization (WMO) and the International Global Atmospheric Chemistry GRP.

**Name: Dr. Amandeep Aggarwal**

**Title of talk: Environment Protection**

Dr. Amandeep Aggarwal, a student of Government Medical College, Patiala and a member of Indian Medical Association, Punjab has been serving rural masses since 1997 as a General Physician and Sonologist. He has served always IMA state as a selfless worker, State Vice President, state Joint Secretary and as Chairman Action Committee cum legal cell of IMA-Punjab. He has also been contributing articles on health care in newspapers and efforts at image building of doctors by improving doctor-patient relationship. He was awarded Doctors image building award as well as doctor of the year award by IMA-Punjab. He is one man army as well as a perfect team man. On his ongoing petition OA 161/ 2016 before National green tribunal ban was imposed on axing of trees in Punjab in April 2016 <http://www.tribuneindia.com/news/punjab/community/ngt-won-t-allow-trees-to-be-axed-in-punjab/239345.html>. He had been fighting this protracted legal battle with his own resources. He is also a fearless RTI and RTS activist. He has been opposing sex determination and female foetice and has been spreading awareness in society against these social evils. He has been fearlessly voicing concerns for matters concerning general public.

He has been making efforts to sensitize people for discontinuing polythene, he even had sent suggestions to government for phasing out polythene by subsidizing the alternates of polythene.

His articles on stopping antibiotic abuse, female foeticide and polybags were conspicuously published in The Tribune, Down to Earth magazine, Hindustan Times.

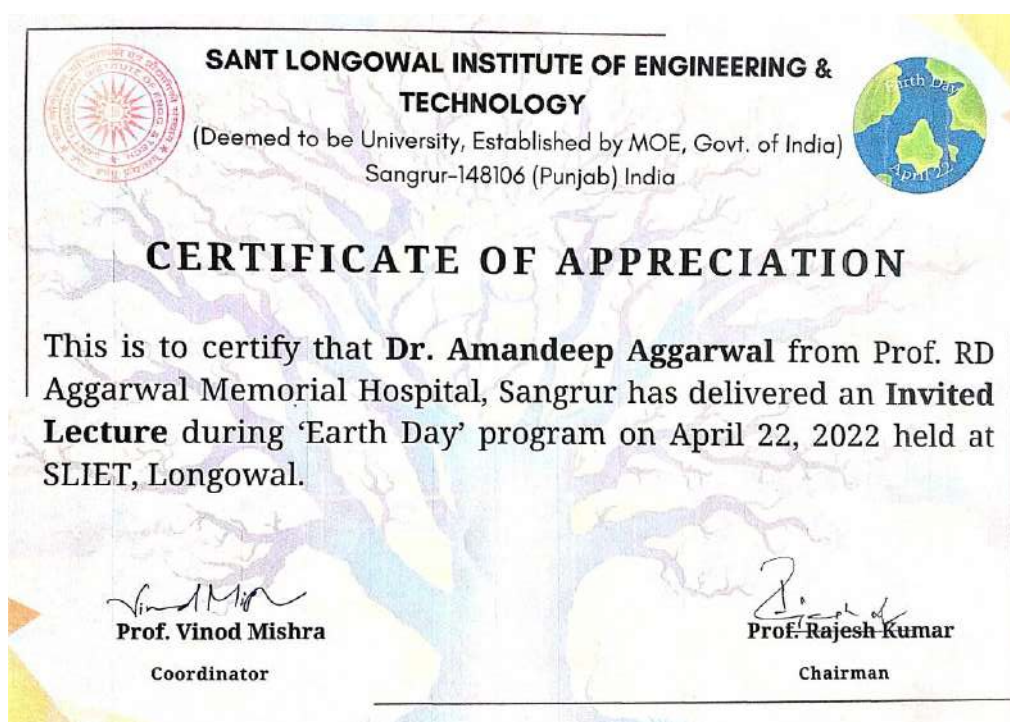

He conducted a very useful study on incidents of assault on doctors, vandalism in hospitals and ways to avert these episodes that scar the sacred doctor patient relationship. The project was presented in the Apollo hospital Medvarsity which kept the project displayed on its website for years together.

He designed medicare protection act- hospital violence act posters/ hoardings that were erected in Civil Hospital and private hospitals. The hoardings thus designed have been

adopted by many branches across India. He wrote scripts for impressive videos that were prepared for educating masses against hospital violence and drug addiction.

Under his able leadership, 120 plants were planted inside Ranbir College complex. He motivated the doctors of Sangrur to start group cycling events to spread awareness in masses, held threadbare discussions with Police department for working as a team for de-addiction and rehabilitation of drug addicts, motivated doctors to join plantation drives. For last 3 years he has been running a private hospital with a charitable zeal in Sangrur.
