

**SANT LONGOWAL INSTITUTE OF ENGINEERING & TECHNOLOGY, LONGOWAL
(DEEMED TO BE UNIVERSITY)**

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Ref No. SLIET/CSE/ 1766-70

DATE: 27/04/23.

NOTICE

It gives me immense pleasure to inform you that the Department of Computer Science and Engineering, Sant Longowal Institute of Engineering and Technology, Longowal, India, is going to organize an online FDP as a remote center in SLIET Longowal on “**Cyber Crime and Forensic Tools**”, from 08 - 12 May 2023. There will be three sessions per day. All lectures/sessions will be delivered by NITTTR Chandigarh in Online/ICT mode.

In this FDP, hands-on sessions on cyber forensics will be conducted. Cyber forensics is the process of extracting data as proof for a crime (that involves electronic devices) while following proper investigation rules to nab the culprit by presenting the evidence to the court. The main aim of cyber forensics is to maintain a thread of evidence and documentation to find out who committed the crime digitally. In today's technology driven generation, the importance of cyber forensics is immense. Technology combined with forensics paves the way for quicker investigations and accurate results.

Importance of cyber forensics:

- Cyber forensics helps in collecting important digital evidence to trace the criminal.
- Electronic equipment stores massive amounts of data that a normal person fails to see. For example: in a smart house, for every word we speak, actions performed by smart devices collect huge amounts of data, which is crucial in cyber forensics.
- It is also helpful for innocent people to prove their innocence via the evidence collected online.
- It is not only used to solve digital crimes but also to solve real-world crimes like theft cases, murder, etc.

The details are as follows:

1. All the participants have to register individually on the FDP portal (<https://fdp.nitttrchd.ac.in>) by creating their online account and paying Rs. 118 (registration and certification fee). While registering the participants, please select the venue as a remote center: Sant Longowal Institute of Engineering and Technology, Longowal, India
2. Registration link: <https://fdp.nitttrchd.ac.in>
3. The last date for registration is May 05, 2023.
4. Faculty with an interest in this area may attend this programme.
5. A minimum of 80% attendance and 40% marks in the test are required to get the certificate.

In this regard, please feel free to contact the following:

- Dr. Jagdeep Singh, Assistant Professor, Contact No.: 9458729314, E-Mail: jagdeep@sliet.ac.in
- Dr. Manminder Singh, Assistant Professor, Contact No: 8146060800, E-Mail: manminderldh@gmail.com

Dr. Jagdeep Singh
Coordinator, FDP
